HALIBURTON, ONTARIO Thursday, October 1st, 1953

Established in 1882 as the
Minden Echo and Haliburton Recorder 5c PER COPY

OPENING Of County Building

Minden — On Friday evening the new County Building will be officially opened by the Prime Minister - the Hon. Leslie M. Frost. At 5 p. m. Mr. Frost will

cut the ribbon and duly declare the building open for use.

Following inspection of the building, the party will proceed to the United church basement for dinner at 6.30, attended by officials from Victoria, Peterborough and

Haliburton Counties and representatives from those departments using the building.

A public meeting is to be held at 8 p. m. in the auditorium of the recreation centre which will be addressed by the Prime Minister.

Great Chapter Meets

Minden — A meeting of the Great Chapter of Haliburton Deanery was held last Friday night at St. Paul's Parish Hall in Minden with 26 men present. The guest of honour and special speaker was the Rt. Rev. F. H. Wilkinson M.M., M.A., D.D. the Coadjutor Bishop of the diocese making his first official episcopal visit to Haliburton County.

The business meeting consisted of laying plans for the showing of "The Power Within" a new missionary film in Technicolour to be shown in this area from Nov. 2nd to 11th and a discussion of the proposed amalgamation of Victoria and Haliburton deaneries. It was moved that the Rural Dean write to the committee considering the amalgamation expressing the Great Chapter's decision that the boundaries of the deanery remain virtually the same as at present because of the distances involved in travel from one parish to another.

Bishop Wilkinson in his informal address spoke of the unparalleled opportunities of service for the church by laymen. He stressed the need of prayer for the whole of the Church rather than prayer only for certain small segments and individuals of it. Speaking of young people the Bishop remarked how wonderful it was that they could grow up in such a setting as Haliburton County which he called a "virtual paradise".

Following the Bishop's address most delicious refreshments were served by the ladies of St. Paul's and the men enjoyed meeting the Bishop informally.

"Fire Prevention Week"

As we announced in our last edition, this coming week is being observed all over Ontario as "Fire Prevention Week." — Now this hardly means that we only put forth a special effort to avoid fires for this one week only, rather, it is intended by the Ontario Fire Marshall that we should all inspect more closely our homes and places of business for unnecessary fire hazards and take immediate steps to get rid of them.

We read each year of more and more costly fires in industry and in places of business and we also read almost nightly of small children or elderly people being burned to death as some home was destroyed by fire and every such accident should serve as a constant reminder to all of us to be more careful with fire.

Your local fire Depts., small though, they may be as yet, are the pressure points behind these write-ups and advertising. They are doing all that they can to ensure your towns against a fire.

During Fire Prevention Week, the Haliburton and Minden Fire Depts. have planned an inspection of all Commercial buildings in the villages, to obtain information on building layouts, & types of structure, their records, should they ever have to combat a fire in any particular one.

This is surely a precautionary measure, because many a Fireman has been trapped when a floor caved in from pumping too much water onto it. We ask everyone concerned to give your whole-hearted co-operation to these men, who, as you know, are strictly volunteers.

Let's all try to stretch Fire Prevention Week into a Fire - Free year.

HALIBURTON ROUNDUP

Miss Elaine Roberts of our Post Office staff, who is soon to be married was presented with a table lamp & beautiful pale green Kenwood blanket at a meeting of St. George's W. A. held at Halimar Lodge on Tuesday evening last.

Miss Alice B. Nicolle of Toronto, Director of Nursing Education, Dept. of Public Health and Miss Muriel V. Lowery of Ottawa, Regional Supervisor of Public Health Nursing, Dept. of Public Health were in Haliburton to assist Miss Minott, the public Health Nurse in planning & establishing the Secondary School Health Programme in the Haliburton County District High School.

George Brennan New Licence Issuer

Mr. Berkeley Feir who has been licence issuer for the Motor Vehicles Branch, Department of Highways since 1934 has found it necessary to relinquish this position.

We understand that Mr. George Brennan, proprietor of the Highland Craft Shop Haliburton will be the new issuer.

Miss M. Rudd On Annual Visit

Miss Marion J. Rudd of Cobourg, Consultant Orthopaedic Nursing, of the Ont. Society for Crippled Children is on her annual visit in the County. The Rotary Clubs

Cast of South Pacific At Woodland Echo Over Weekend

Haliburton was honoured over the weekend to have in the vicinity the cast from South Pacific which has now been playing in Toronto at the Royal Alexandra Theatre for the past several weeks.

Crippled Children's Committee whose chairman is Mr. W. R. Curry and Miss Minott of the School Health service as well as the children themselves mutually benefit from this visit to discuss the progress of care of the handicapped children in the district.

They were the guests of Mr. Dale, owner of Woodland Echo, a resort near Haliburton. The cast from this great show thought they would like a change from sitting around their hotel rooms over the weekend. So Mr. Dale's son who is one of the head men with the lighting system at the Royal Alexandra suggested that they come to Haliburton and spend the weekend at his fathers resort.

Over eighteen members of the South Pacific Cast made the trip and from all reports had an enjoyable weekend in the Highlands of Haliburton.

Minden —

The late John Welch started what is believed to be the oldest established business in Haliburton County, certainly the oldest to have run continuously since its beginning by the same family.

Away back in the year 1874 the late Mr. Welch established what was then known as an undertaking business.

Since that time, great strides have been made in medical science and the protection of public health and today the modern funeral director plays no small part in the fight against the spread of disease.

John Welch served the county faithfully and well until his death in 1937.

On his death, the business was taken over by his son Frank who had graduated with honors in 1931 from the Ontario School of Embalming.

In 1939 he purchased the Funeral Directing business of W. R. Curry of Haliburton and on the death of the late Mr. Train of Kimmount in the same year, he absorbed the business carried on by Mr. Train.

He has developed and expanded the business until today, he has one of the most complete operating rooms &

some of the finest equipment to be found anywhere in the province. His new funeral coach which he has just received is the first of its kind in all Canada and embodies the very latest in styling and appointments.

His assistant in the profession, Mr. John Fleming is also a graduate of the Ontario School of Embalming.

Mr. Welch is the only funeral director to have held the position of President of the Ontario Funeral Assoc. for two terms.

He is keenly interested in municipal matters and has served on the Council several terms.

Bear And More Bear

Bears, which seem to be very plentiful in this area have been making a nuisance of themselves on the farm of Lee Blair.

On Sunday last when one appeared, Lee grabbed the his rifle and shot the marauder. Monday evening another bear was noticed among the cattle, so after getting his brother to hold a flashlight Lee shot and killed the bruin.

Both these animals weight nearly 250 pounds and we understand that two more bears have been noticed in the vicinity of this farm.

Post Office Staff Attend Convention

Haliburton — Miss Elaine Roberts, Mrs. Audrey Bannon and Mrs. Dorelle Baker attended the Postmasters Civil Service Assoc. Convention, which held its sessions in the Empress Hotel Peterboro. In the evening they were guests at a banquet which was tendered by Simpson Sears. After hearing what was on the menu we are convinced that working in the post office has its advantages after all.

Dysart Home and School Assoc. Meet At New High School

The first fall meeting of the Dysart Home and School Assoc. was held in the new High School with a large attendance.

The president Mrs. B. Henry called on Rev. Lorimer to open the meeting with prayer & then followed the Home and School creed which was read by Mr. Bill Crofts.

The minutes of the last regular meeting of April 20 were read and approved.

Mrs. Lou Consky, treasurer, gave a very gratifying report of the Associations finances and mentioned that fees are now due and payable.

The Health Convener, Miss J. Minott, was then called upon to introduce Miss Rudd of the Ontario Society for Crippled Children who gave a very inspiring talk on her work with handicapped children.

The roll call was taken which showed an attendance of Haliburton 64, West Guilford 11, Eagle Lake 9, Donald 8, Minden 17, Wilberforce 7, Lochlin 5, Maple Lake 1.

Mrs. Oliver Higgins was appointed Literature Convener and Mrs. Bert Curry Social Convener.

The main speaker of the evening was Mr. Norman Sisco, principal of the Haliburton County District High School, who was ably introduced by Mr. R. J. Curry. Mr. Sisco spoke on all aspects of the curriculum which is being taught in our new District High School and also of the additions to the course of study which will be made in the near future. Mr. Sisco made mention of the possibility of night classes, being held during the winter months, for adults. At the close of his address Mr. Sisco introduced the members of the high school staff.

The principals of Haliburton Public School, West Guilford School & Eagle Lake School then introduced the members of their staff.

At the close of the business session a tour of the new High School building was made and everyone had a social half hour with the principals and teachers over the teacups.

The next meeting of the Home and School Assoc. will be held on October 19th. At this meeting a film on Child Behaviour will be shown and the Coronation Scrapbooks will be on display.

The Case For Advertising

The only reason anyone advertises in printed form is to create sales for a product, service or idea in volume which could not be reached either by the individual word-of-mouth advertising of himself or his friends and customers.

We don't place paid advertising to spend money but to SAVE MONEY. It must therefore be budgeted for; and produce more profit through cutting the cost of operation than the budgeted amount plus additional profits through increased sales. As Printer's Ink says: "Advertising (by helping to produce more) is really marketing machinery designed to produce a sale: cheaper than man alone. When advertising is used correctly, it doesn't cost money, it saves money. It makes money, like machinery".

Advertising though will not do the impossible. It will never, for instance, sell a product (more than once anyway) which can not be sold without advertising.

This has been proved beyond all doubt by the Province of Ontario. Prior to 1946 the intake of tourist automobile parties from United States was approximately half a million cars a year. Today the volume of tourist traffic by motor car is two and a half times that figure — approximately 1,400,000 tourist car entries are expected in 1953. And the increase, greatest in all Canada, has been steady, solid — year after year — founded on the firm policy of attracting prospects, selling them with forceful and truthful argument, and the product living up to its promise.

Adapted from "Printer's Ink", the advertising industry's chief spokesman — here is what advertising is. What it has done — What it can do now:

1. Advertising makes possible better vacations at lower prices. (By attracting volume business to a resort it is possible to operate on a lower margin of profit per guest or unit).

2. Advertising makes markets. (Travellers and vacationists are constantly looking for something new and different. Your appeal may fit.) Example: "Printer's Ink": "A study made by the University of Washington has established that the \$80,000 appropriated by Alaska for Magazine, newspaper and direct mail advertising for the two years 1952 and 1953 has already resulted in 20,252 new tourist visitors and an additional revenue — new revenue — of \$6,336,424. And this is stated to be Alaska's first effort in the tourist promotion field."

3. Advertising speeds the introduction of new ventures. (The Alaska story above fully illustrates this point.)

4. Advertising safeguards the position of established resort areas (or establishments) which are still fulfilling their primary function. (Count the number of areas, resorts and communities which are thoroughly established in the public mind who maintain full and adequate advertising and promotion schedules — year after year. Markets, or people, tend to get new ideas and they also die, become bankrupt, suddenly strike it rich, get married, divorce and 1001 other things happen to change minds and interests. You have to "keep them sold".

5. Advertising is a competitive weapon for both the newcomer and the old established place.

6. Advertising helps stabilize a business. (The ups and downs of guest counts can best be eliminated by advertising which assures a full, or at least a profitable, volume of business at all times.)

7. Advertising smokes out new prospects. (No merchandising tool can travel as far and as fast into new fields as advertising. It is a known truth that somebody every day, sees every item no matter how small or how "buried" which appears in a newspaper, to use that example. Maybe he is just looking for what you have to sell.)

8. Advertising keeps them sold. (Out of sight-out of mind is a good way of looking at your business. Repeating the advice in item 5 — and profiting by the long experience of such as Wrigley's Gum, T. Eaton Co., Simpson's and a host of other multi-million dollar concerns — you have to not only sell them, but KEEP THEM SOLD

9. Advertising establishes friendly relations with the public. (Public relations has been defined as: "Establishing a policy of doing a good job — doing it — and then telling the world about it". Your advertising, properly used, can be as friendly as a cocker spaniel pup — and get just as much favorable attention and tasty tid bits.)

10. Advertising is a public servant — used in the public interest. (Part of the job of advertising is to inform. And the fact that the reading and listening public are appreciative of the information furnished through advertising is reflected by the fact that people, in return for service, contribute to the prosperity of those who provide such information services in their interest.)

11. Advertising helps combat harmful propaganda. (Many instances occur where rumors, whispering campaigns and so on would do irreparable harm if it were not for the fact that advertising space and media are readily available to present the true side of the story — your side.)

Fall In The Highlands

Within the next few days the Highlands of Haliburton will be in their fullest glory. Visitors from distant places will visit us once again to enjoy the beauty and grandeur that nature bestows on the Highlands during this period of the year.

Soon the scarlet of the sumac will splash the country side with its violent and fiery red. Soon the more subtle corals and carmines of the maples will flame translucent in the Fall sun. And soon too, the yellow-gold of the other trees will complete the autumn mosaic which is the annual heritage of the Haliburton forests in September. The conifers alone will remain unchanged. They belong to the familiar fires of our winter scene and landscape.

Of all the seasons of the year, perhaps the Fall really belongs to Canada and of all places in Canada, it perhaps belongs to the Highlands of Haliburton.

ESSONVILLE

Mrs. Alex McCrea spent a few days last week in Wilberforce visiting her friend Mrs. Covert.

The Anglican Guild was held on Thursday afternoon at the home of Mrs. Stanley Walsh with ten members and Rev. Barclay present. Mrs. Johnston conducted the devotional period with Mrs. James McCrea leading in prayer. Several items of business were brought up by Rev. Barclay and approved. It was decided to hold a rummage sale in the school house October 9th at 8 o'clock p.m.

Mrs. Stanley Walsh served a dainty lunch.

The next regular meeting

will be held at the home of Mrs. Barclay Wilberforce — October 8 at 2 o'clock p.m.

Mr. and Mrs. Morgan Robinson of Fenelon Falls visited with Mrs. Robinson Sr. and Mr. and Mrs. Randal McCrea on Sunday last.

Mrs. John Noble entertained the United Church W. A. at her home Thursday evening.

Those attending the Lindsay Exhibition from here were: — Mr. and Mrs. Hilden Johnston & family; Mr. and Mrs. James McCrea & Marilyn; Mr. and Mrs. Vernon McCrea; Mr. and Mrs. Randal McCrea and family; Mr. and Mrs. John Noble & Kenneth; Mr. Eldon Sibley and Max Walsh.

WEST GUILFORD

Mr. and Mrs. McKay have closed their cottage at Redstone, and will spend the winter in Colbourne.

Mr. Bill Rutter is commencing lumbering operations on the limits at Bitter Lake, lately purchased from George Jones.

There was a marked decrease in West Guilford residents at the Lindsay Fair, this year.

The duck hunting around Mud Lake is attracting visitors from United States, as well as many from various parts of Ontario.

Something will soon have to be done about the coon, which are raising havoc with the local corn crop.

Mr. Mariano Salvatori of West Guilford is working as a carpenter on new development contracts in Toronto.

Mrs. Essie Stevens, Mrs. Francis Sisson, Mrs. Howard Johnston, Mrs. Jack Cooper, and Mrs. Bert Boice were among the guests at the Guild Quilting Party Centre Lake, on Wednesday.

Mrs. Bud Sims gave the address of welcome at the Baptist Rally, at the West Guilford Baptist Church, on Thursday.

Little Brown Bulb

Oh little brown bulb, I will put you to sleep,
I will bury you down in the soft earth so deep,
And the leaves, newly fallen will over you heap
To give you protection — In their care they will keep.

"Till winter will come with its cold icy hand
And scatter the white snow all over the land,
Then little brown bulb, from your bed you will peep
Just ever so little, buried deep, oh so deep.

Little brown bulb you will wake from your sleep
And inch yourself slowly there under the snow,
Away in the dark you will start in to grow.

Oh little brown bulb, as you live in the shade
You will rise in your strength from the bed I have
made

For God placed in your heart the form of a flower
Oh little brown bulb, you were given great power.

And now as I put you to bed in God's care,
Little brown bulb, be fruitful and bear.

(Held over from last week)

The school term has brought a climax to the holiday festivities and children teachers likewise are away to another year of studies. Mrs. Leslie Hogan has resumed her duties in Lindsay. Miss Marion Sedgwick back to Wilberforce and a new teacher to the profession in the person of Miss Genevieve Sedgwick to her first School year near Gooderham.

Congratulations Genevieve and best of luck.

Miss E. Audrey Chase of Peterborough has returned to her duties here again. Glad to see you back, teacher.

Most of the summer homes and tourist resorts are closing their doors to another season. Lodges have had a very busy summer, Silverwood, Rest Point and Sunny Rock Villa.

Recent frosts have been quite severe & gardens have had it for this year.

Mr. and Mrs. Charlie Gee and family of Sault Ste. Marie have been recent visitors of Dutch line and Gelert relatives; they were accompanied on their return by the latter's mother Mrs. Tom Walker who has been visiting them for some time.

Mr. and Mrs. Carl Francis and children have been recent visitors in Wellington & Burketon.

Mrs. Francis, Harry, David & Judy remained for a weeks visit with relatives.

Mr. Elgin Sedgwick was taken to Lindsay Ross Memorial Hospital last Saturday; but his friends are very pleased to say his illness was not of a serious nature.

Mr. and Mrs. John Barber of Toronto are spending this week at their cottage here. During their stay they have had the front part of their cottage torn down, preparatory to building a new cottage in the spring. The structure was one of the oldest buildings here, having been built over 70 years ago.

Some of the newspapers on under the wall paper were dated back in 1885. The building was taken down by Messrs. Carl and Ivan Francis.

Last Friday evening, the Sunday school pupils and several grown-ups were treated Wiener and Corn Roast by the United Church S. S. Teachers at the Burnt River.

Each one enjoyed their evening of games etc. & before returning home the supply was very nil, but everyone had an enjoyable evening.

Mr. and Mrs. Elstone of Toronto are holidaying at their cottage again for a while.

Messrs. Reg. and Gene Newell of Carnarvon spent the weekend with their parents Mr. and Mrs. I. Newell.

MAPLE LAKE

13-10

Pinnacle In Haliburton

At break of dawn we climbed the rocky slope,
A perilous, precipitous ascent.
Like mountaineers we scaled the stony peak,
Then rested, breathless, weary but content.
The east was all aflame. In silent awe
We drank the glory of that wondrous sight,
With Haliburton spread beneath our feet
Like painted canvas in the morning light;
The blue of Gullfoot lake, the azure sky,
The pine-clad slopes of dappled green and gray,
The mauve and purple ridges far beyond
At Minden, Mountain lake and Miner's Bay.

All this is Canada, this land of flowers,
Of rivers, meadows, mountains, lakes and rills;
An earthly paradise. All this is ours,
And yet Canadians, in search of thrills,
Will wander to a distant foreign land,
Ignoring scenic wonders close at hand.

In Memoriam

SCOTT — In loving memory of our dear father and Grandfather Cecil Scott, died Sept. 22nd, 1950, also our dear mother & grandmother who died May 6th, 1946.

This day do we remember
And loving thoughts we give,
To you no longer with us
But in our hearts still live,
We miss them, because we love them

They were dearer than riches
and gold,
No treasures on earth can
replace them
Their memory will never
grow old.

Our Trip to Drag Lake — Haliburton

A Diary kept by Mr J. C. Edwards, who made the trip with Willie Clarke in the fall of 1892.

September 20th — Tuesday

Quite a frost last night & everything very damp & wet on turning out this morning, which we did extra early at 5.15 a. m. so as to reach Cobocok in good time. Made up a good fire to dry the tent & blankets. Packed up directly after breakfast and started at 8.30, reaching Cobocok at 9 o'clock. Went to the station the first thing for Will's waterproof coat & some tea enclosed from Charley. Replenished our stock of groceries & bread & bought some shot. Had a short portage over some falls into Gull river. Before we started at 12 noon, Will went on a forage & struck a butcher shop and got a couple of ox-tails cheap, with which he made some grand soup for our dinner.

Reached little Turtle lake about a mile up and then big Turtle after a stiff paddle up some small rapids. Big Turtle is a lovely lake, reminding me very much of the head of Stoney lake, from a number of islands in it, on one of which we went ashore for a meal and a rest. Then on again and soon got into Gull river again and reached Norland soon after 3 o'clock, where we had to portage about 200 yards because of some falls. There is a general store in connection with the post office so bought 7 lbs. flour, some chalots and soap. Were delayed here for some time by having to portage round a new bridge they are building over the river. Did it at last and on again reaching the natural dam in a few minutes. Here again we had to unload and carry the canoe round, so we decided to camp, it being nearly 6 p.m. We soon put up the tent and got a fire going & had supper which we wanted badly. Our camp here is a very pretty one, close to where the river flows over the ledge of rocks forming the natural dams & sending up quite a spray like a miniature Niagara.

Shur - Gain

It is important if production is maintained after the cows leave the choice pasture grasses, to use a properly balanced ration. So be wise ask your local dealer for SHUR - GAIN Dairy ration.

Also provide your laying flock with SHUR - GAIN laying mash, as best results are not obtained unless the flock is insured with a well balanced diet.

Always ask for SHUR GAIN the profit proven feed.

Community Party for Mr. & Mrs. Garth Henderson

Mrs. Leslie Reynolds, assisted by various ladies of the community held a surprise party for the newest bride and groom in the School auditorium on Friday Evening. There was a very nice crowd of young and old present to wish the Garth Henderson's well. We all enjoyed the dancing to the Victrola as well as the square dance music supplied by Messrs. E. and Sid Cooper.

After a buffet lunch had been enjoyed, Mrs. Reynolds presented, with the best wishes of the community, a purse and presents from residents of West Guilford.

WEDDING

HENDERSON — DEMO

The Church of St. Catharine of Alexandria, St. Catharines Ont. was the scene of a pretty wedding ceremony on Sept. 17th, when Garth Henderson, son of Mr. and Mrs. Jack Henderson of West Guilford, was united in the bonds of Holy Matrimony to Mary Florence Demo, daughter of Mr. and Mrs. Fred Demo of St. Catharines.

The bride, in a smart suit of silver blue, with hat & matching corsage, was attended by her sister, in a suit of gold with matching hat and corsage.

Brian Henderson of Oshawa, supported the groom. The wedding breakfast, for the family and a few close friends, was held at the bride's home, where Mrs. Demo assisted by Mrs. Jack Henderson received.

The happy couple travelled to West Guilford, where they will spend a few days, before Garth will rejoin his battalion, enroute to Germany.

Bud Dart Joins Army

When the Haliburton Huskies take to the ice this winter one of their veteran stars will be missing. This star is none other than Bud Dart who joined the Army a week ago. Bud signed up in Toronto and was home on two days leave last week and said that he was going to be stationed at Camp Borden.

Dart out of the Huskies line up will be a great blow to the locals and his spot will be very hard to fill. He has been one of the backbones of the Huskies organization for many years and he could always be counted on to be out there, giving his all for the Haliburton Huskies.

Be careful In Your Driving

With the return to Standard Time, darkness comes much earlier and with it comes added hazards for the driver of motor vehicles.

The Provincial Police have asked us to pass on to the motorist a few suggestions in order that traffic accidents may be averted.

Have your headlights and electrical equipment inspected and replace old or burned out bulbs.

See that your brakes are in A1 condition.

Have your steering wheel mechanism inspected and properly adjusted.

Have your old burned-out muffler replaced before snow falls.

And above all else, use care - courtesy and common sense in your driving.
